About This Game

Splatter is a top-down-shooter with a film-noir-singleplayer-campaign. Fight against all kinds of monsters hordes with a huge arsenal of weapons, all with top of the line physics-based splatter effects and destructible level environments.

Meet interesting characters, accomplish dozens of side quests, engage boss fights and upgrade your weapons.

The zombies fear light, so use your flashlight strategically to create breathing space in battles and to expose hidden weaknesses of your enemies. Explore the surroundings to find new weapons, resources and secret areas. Spend the money you collect to upgrade your guns and unlock new weapon features and discover the best tactics against the variety of monsters.

The story mode spans 16 levels with fully voiced NPCs and dialogs and animated cutscenes.

Try to beat the Highscores in the Survival Mode or gather up to 4 friends in front of your computer to co-op against the horde.
